

Global Health Minor Degree Check

New Requirements Effective Fall 2016

<http://globalhealthprogram.ucsd.edu>

The Global Health Minor consists of **seven four-unit courses**, at least five courses (20 units) of which must be upper division. All courses applied to the minor must be taken for a letter grade of C- or better.

Core Requirements (Three courses):

- HILD 30.** History of Public Health

Choose two of the following three options:

- GLBH 148.** Global Health and Cultural Diversity (*formerly ANSC 148*)
- GLBH 181.** Essentials of Global Health
- MGT 173.** Project Management in the Health Services

Electives (Four courses, see options below):

One Health Related Biological Science Elective (may be lower division)

- 1)** _____

Three Upper Division Electives:

- 2)** _____ **3)** _____ **4)** _____

Global Health Field Experience (GHFE) Requirement (optional):

Global Health minors may choose to complete a 100-hour Global Health Field Experience Requirement to complement their coursework.

- ***Is your field experience credit bearing?*** If so the course can count towards an elective requirement if taken for a letter grade.
- **Field work hours must be verified upon completion**, with official documentation bearing signature of field work supervisor and contact information. Students are expected to complete a reflection of their field experience for website posting prior to graduation.

Study Abroad Courses: A maximum of two courses can be petitioned for credit towards the minor.

Course overlap: *Lower division courses can overlap between majors, minors and GE requirements. Two Upper Division courses may overlap between your major and minor. Two courses will automatically overlap. If the courses should not be overlapped send a message to your minor department in the VAC.*
